WHY STUDY ABROAD IN FLORENCE

Studying Abroad at FUA..............................................pag. 3
A city that challenges the concepts of past, present, and future: Florence, a European center of art, history, and culture, is the capital of the Italian region of Tuscany. Its geographic location allows easy access to every region of Italy; Florence has changed global and Western thought considering its revolutionary impact through the first banking systems, the widening of architectural and artistic perspectives during the Renaissance, and modern political science and philosophy. It is an excellent compass for navigating Italian culture through its linguistic importance, an ambassador of Italian regionality through its capital position in Tuscany, a site where many of Italy’s important moments unfolded throughout time. Florence today, with its unique characteristics coupled with a primary position in international and Italian tourism, economy, and culture, is an intriguing example of how past, present, and future blend together in a stimulating expression of the European city. Students seeking to study abroad in Florence find themselves immersed in an environment where all areas of human experience and study offer continuous and multifold opportunities to learn and be profoundly changed by the life and activity taking place here.
STUDYING ABROAD AT FUA

Studying abroad at FUA is characterized by the institution’s projects in cultural integration. F_AIR | FLORENCE ARTIST IN RESIDENCE

WHAT IS F_AIR FLORENCE ARTIST IN RESIDENCE ART GALLERY?

F_AIR is at the forefront of the contemporary art system and invites artists to reside within the school premises either for a semester or for the three months of summer sessions. During their stay, artists will learn to interpret the city and its surroundings through the expressive means of their art. They will exchange ideas with students, with fellow artists in town, and with professionals within the art world. They will work both as artists and academic professors and by the end of their stay they will present their project at a solo exhibition. The art gallery at F_AIR is the innovative space and concept for contemporary art in Florence. Creativity and enthusiasm are its genius loci, as the location was formerly a theater for musicals and comedies. F_AIR and the FUA School of Fine Arts seek to keep alive the spirit of the place, and its present appearance is designed to renew its special atmosphere.

STUDENT ACADEMIC INVOLVEMENT

The gallery is to serve students, faculty, and professional artists in the field of visual arts by preserving, collecting, exhibiting, and fostering the understanding of works of art with the high scholarly standards.

WHAT TO EXPECT

STUDENT LIFE & DEVELOPMENT

SLD has the mission of offering opportunities for personal and interpersonal enrichment whether on campus or in the Florentine community. The department is dedicated to all areas of student life by providing numerous resources, extracurricular activities, and overall support for the duration of study in Florence.

Students may reach out to SLD for:
- General health and medical services, medical referrals, and emergency assistance.
- Housing assistance and emergencies.
- Extracurricular activities, see following pages for descriptions.
- Counseling and information on life in Florence
EXTRACURRICULAR ACTIVITIES
SLD offers a rich and varied calendar of activities, in order to offer an array of experiences that will suit the diverse needs and interests of our student body.

ORIENTATION ACTIVITIES
SLD offers a series of activities during orientation in order to make the transition to life in Florence as easy as possible, such as the Know Your Neighborhood walks and Living in Florence seminars. The neighborhood walks help students to feel at home in Florence and also cover shopping for basic necessities, malls, supermarkets, and other stores in the city center. The Living in Florence Seminars presents topics such as ways to explore the city, leisure-time activities and, how to adapt to life in Italy.

CONNECTING CULTURES
Connecting Cultures is designed to both enhance cultural awareness and to guide students through the study abroad experience in order to maximize their educational outcome and personal growth during their time in Florence.

Connecting Cultures: Community Outreach
This program is designed for students who wish to step outside of the box during their studies abroad. More than a classroom experience, Community Outreach is a life experience that will not only enrich your academic career, but even more, will contribute to your emotional growth and cultural consciousness. The program offers a wide variety of volunteer opportunities to suit different interests: organizations range from local museums, canteens, and churches of various denominations, to International NGOs. Each of our partner associations is unique and volunteers are often the fundamental element that keeps these associations in operation! Most of the organizations do not require particular skills or the ability to speak Italian, but they all require a serious commitment from volunteers in order to accomplish their goals. Please note: Placement areas of volunteer opportunities may take place at the Palazzi Foundation Community Engagement Member Institutions, which are actively linked to FUA’s campuses and academic divisions.
Connecting Cultures: Chat Pal
This language exchange activity connects Italian and foreign students in order to make a meaningful connection with a member of the community, and also improve your language skills. The conversation exchange program requires conversation partners to meet at least once a week (one hour). Partners should speak in Italian for 30 minutes and 30 minutes in the student’s mother tongue. Specific time and locations are arranged between the partners.

Connecting Cultures: Italian Family Club
This unique program gives students a more in-depth, hands-on opportunity to get personally involved with an “adoptive” Florentine family. They will get an up-close view of a typical Italian family. Through the Italian Family Club, students will closely interact with their family members, while discovering and observing their unique habits and customs. Students and families will be “matched” according to the characteristics and requirements of both parties. They will build a two-way relationship and communication skills that will develop over the semester through mutual and productive exchanges. Please note that the number of host families is limited, therefore, not all applicants will be accepted in the program.

Connecting Cultures: City Walks
City Walks are designed to broaden students’ experience from the cultural point of view through art and history, while exploring the amazing gardens and palaces of Florence. Students will see how Italy’s rich past influences and interacts with Italy today while also exploring new neighborhoods within and outside of the city center.

SPORTS NIGHT
Sports Night is a great way to keep in shape while expanding your knowledge of Italian fitness culture. Soccer is the mainstay of Italian athletics and the focus of our Sports Night. Even if you are not an athlete, everyone is welcome, to both have fun on the field, or just cheer on your classmates from the stands. La Palestra, the workout room located on campus, offers an exercise facility and free classes throughout the year.

MUSING CLUB
The Musing Club offers music lovers and musicians the chance to share their passion through a common language. Organized activities include music events, and visits, along with the possibility to include creating a band (or two!), playing a gig in a local venue, creating a demo in a professional recording studio, through the exploration of the participants’ talents and imagination.

BLENDING
BLENDING is a journalistic collaboration that offers students the opportunity to express ideas through investigative and creative writing and photography. Writers, photographers, copy editors, and graphic designers who are excited about publishing their experiences and perspectives gained in Florence, as well as novice writers that just looking for a format to document their experience in Florence are all welcome. Each semester we publish three newsletters and one magazine written by FUA students, alumni, and faculty. Summer editions include two newsletters.

EFL
EFL is the department of Educational Field Learning offering to all FUA students unique opportunities to make significant contact with Italian culture, gastronomy, history, and landscapes through day and weekend trips.

It is the student’s responsibility to obtain the study visa. Study visas may be required depending on student nationality and period of study. The Italian Ministry of Foreign Affairs (Ministero degli Affari Esteri) outlines the requirements and procedures for when a visa is required. These regulations are subject to change according to the decisions of the Italian government. The Ministry’s website may be consulted in English for further information, which includes a query according to nationality/residence to determine whether a visa is necessary:

http://vistoperitalia.esteri.it/home/en
Visas are obtained at the Italian consulate covering your area of residence. Consulates require a series of documents in order to issue the study visa.
